

GERMANIA CONSTRUCTION

GERMANIA INTERIOR DESIGN

Germania's interior design services ensure that your new home reflects your vision and dream.

DESIGN PACKAGE

01.

FLOOR PLANS + ELEVATIONS

In developing a team from the beginning, Germania can work with the Architect to consult on architectural plans to factor in the way you plan on living in your dream home, value engineering and capturing the finest details.

02.

EXTERIOR FINISHES

We will work with both Homeowner and Architect to determine the exterior finishes that align with your desired aesthetic and cost objectives to bring the exteriors finishes of your home together cohesively, considering landscape and look.

03.

INTERIOR FINISHES

From wood flooring, plumbing fixtures to paint colors, Germania will streamline the selection process by closing the distance between exceptional quality, your dream aesthetic and cost. Our close knowledge of the building process lends creative and boundless opportunity to deliver your dream home at a value.

04.

FURNISHINGS + ACCESSORIES

From local artisans, boutique vendors, custom upholsterers to larger scale retailers we are able to provide furnishings, accessories and decorative lighting at trade costs directly to you. Through the entire process of building, we gain an idea of the way you'd like to live in your home, and this will present itself in all the final finishes, tying together your home perfectly.
